

Happy Spring

RED WAGON

K. Balcer

# Katie Barber

Katie worked at the most magical place on earth, Walt Disney World. She was a world famous jungle cruise skipper, "I woke up every morning and brought magic to all the guests. Being a Walt Disney World cast member truly was magical". Her time at WDW taught her how to interact with individuals from all over the world. While she may have left WDW 15 years ago, the values of customer service still remains within her.

"Much like my time at WDW I enjoy being a part of MARC and bring a little bit of pixie dust every day to our people served. It can be anything from saying good morning to ask how their weekend was or any special occasion they may have had". She enjoys having our people served come into her office to check on her and her colleagues.

# Katie Barber

Katie is a unified global messenger, a four season coach and a partner with the West Hartford team. She is also on the Law Enforcement Torch Run Community (LETR). When she is not at Special Olympics practices/events she spends time with her four legged daughter Luna and her husband. She enjoys doing crafts of all kinds, cooking, and baking.

Katie loves spending time with her loved ones, her Special Olympics athletes, and the people served she interacts with everyday. Katie works in the Quality Assurance department at MARC, "Working at MARC in the QA department I feel we are a part of making a difference from ensuring goals are being met to things being documented and filed correctly. Being a QA facilitator I feel I am able to take my passion for organization and making a daily difference all in one".
